Email: kophawaii@gmail.com

Origin & Purpose

Kilauea Ohana Playschool (KOP) was organized in 1968 by parents looking for small group play experience for their children on a part-time basis. KOP's purpose is to provide an introduction to school in a safe and comfortable environment. Social development is the major emphasis rather than academics. Parents participate in the class and in administrative functions. Each day, one parent assists one paid professional teacher.

Cooperation

KOP is a cooperative and reflects the talents, resources and input of its members. Members hold positions on the Board of Directors and in other jobs. At least one parent from each family participates in the classroom one to two times a month and attends the mandatory bi-monthly meeting where KOP policies are discussed and set. Health/TB clearance, FBI fingerprinting and a high school diploma are required for classroom participation.

Benefits

Parents:

1. Direct involvement with their child's first pre-school experience.
2. Helps create independence away from home.
3. Receive support from other parents through shared experiences.

Child:

1. Gains confidence through social interaction and a gentle introduction to school experience.
2. Development of small and large motor skills through music, arts and crafts, cooking and other activities.
